Hotel Overview

- The Silverado Resort is located in the heart of Napa Valley, just 50 miles northeast of San Francisco. Silverado is a historic 1200 acre destination resort built in the 1870's. The mansion is the cornerstone of the resort. The resort is known for an atmosphere of gracious hospitality and luxurious accommodations that inspires guests to return again and again. Set among the rolling hills of Napa Valley's wine country, Silverado Resort offers everything you would expect from a first class resort along with a host of luxurious amenities. Combining exceptional service and modern facilities, guests staying at the Resort can enjoy championship golf, 17 tennis courts, a comprehensive 16,000 square foot spa that includes sixteen private treatment rooms, a fitness area, a four lane swimming pool and salon services. In addition, guests can enjoy evenings dining at the Royal Oak Restaurant, Silverado's vintage restaurant that overlooks the South Golf Course or casual dining for breakfast, lunch and dinner at The Grill at Silverado.
- Guest accommodations include standard resort guest rooms, one bedroom fireplace suites, junior fireplace suites, and two bedroom fireplace suites. Each unit has its own tasteful décor. The following amenities and services are included with guest accommodations:

unlimited personal WIFI access, unlimited 800 calls, unlimited local calls, access to the fitness and workout facility, admittance to any of the more than 30 fitness classes offered weekly, bell service, valet parking, in-room coffee and tea, USA Today delivered Monday-Friday, complimentary tennis on any of the 17 courts, and complimentary golf bag storage.

Local Attractions & Recreation

- With more than 400 wineries in the Napa Valley, there are many choices for touring and tasting excursions. In addition, Napa Valley offers activities such as bike touring, sightseeing, gourmet sampling, culinary activities, shopping and much more. Silverado's knowledgeable concierge staff can help make planning your activities simple.
- For more information about Napa Valley contact the Napa Valley Conference and Visitors Bureau at (707) 226-7469 or www.napavalley.org.

Weather

- On average, during the month of August the temperature in Napa Valley reaches a high of 82°F and a low of 55°F.

Airline Reservations

- American Airlines will offer special meeting fares for the SCBT-MR, with discounts between 5 percent and 10 percent. American Eagle flights also are eligible for discounts. Reservations may be made by calling (800) 433-1790 from 7 a.m. to 12 midnight CST. Please reference STARFile #19789.

Car Rental

- Enterprise is the official car rental company of the SCBT-MR, and discount rates are available at www.enterprise.com. To make a reservation, select the date, time, and location, and in the "Optional: Coupon, Customer or Corporate Number" field, enter 16MT127. Click on the "Search" button, and when prompted for a PIN number, enter AME. Sign up for the complimentary E Plus program to reduce your time at the rental desk when you arrive at your destination.

Ground Transportation

- The Silverado Resort is located 50 miles northeast of San Francisco. Guests flying into the San Francisco International Airport or Bay area airports can arrange for ground transportation to and from the Resort by contacting the Resort's Destination Services department at (707) 257-5535.

Americans with Disabilities Act

- The SCBT-MR encourages the participation of all people. Individuals requiring auxiliary aids or services identified in the Americans with Disabilities Act should contact Pamela Borden at (800) 227-5463 ext. 4967 or pbozah@acr.org.

Objectives

After completion of this course, the participant should be able to:

- Use and apply new techniques for cardiothoracic, abdominal, and musculoskeletal CT and MR (including MDCT, 3T MRI, and appropriate use of iodine and gadolinium-based contrast agents).
- Develop expertise in the role of both CT and MR in the non-invasive evaluation of the cardiovascular system.
- Assess concepts of anatomy and pathophysiology that are central to the interpretation of body CT and MR.
- Identify practical algorithms and approaches to common body imaging problems.

CME Statement

- This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint-sponsorship of the American College of Radiology and the Society of Computed Body Tomography and Magnetic Resonance. The American College of Radiology is accredited by the ACCME to provide continuing medical education for physicians.
- The American College of Radiology designates this educational activity for a maximum of 22.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.
- Presenters at this conference will disclose any conflict of interest or their intention to discuss off-label use, if applicable, in accordance with ACCME Standards and FDA requirements. Conflict of interest will be disclosed either at the beginning of the presentation or printed in the final program material.
